RUSSIAN TERRORISTS TO BE TRIED.

INTEREST IN THE TRIAL IS
GROWING ACUTE, NOT ONLY
IN RUSSIA, BUT ALL OVER THE
WORLD.

PETERSBURG, Jan. 29.—The trial of Nicholas Tchaikovsky, a Russian revolutionist and terrorist, is set for next week and is the most important event in the trial, already in progress in Russia as well as in the United States and England, is growing acute every day. It is almost a foregone conclusion that both defendants will be convicted as the government seems determined to make an example of the two revolutionists whose influence is greatly feared by the reactionary element. Even the most optimistic friends of the accused feel constrained to admit that only the fact that both defendants are over sixty years of age may, to some extent, mitigate the rigor of their sentences.

It is unfortunate for the revolutionists that, thanks to the thorough system of espionage maintained by the police department of the country, the Russian government is in possession of a strong chain of evidence, supported by scores of police spies in the ranks of the revolutionists and among the members of terrorist organizations throughout the empire. The joint indictment against Tchaikovsky and Mme. Breshkovskaya, which was served on them on December 22d, is a document of fifty-eight pages and contains a minute account of the career of the defendants, enumerating a long series of acts tending to show that both accused were revolutionists of long standing and prominently connected with revolutionary agitation and terrorist plots in various parts of the country. The charges are supported by depositions of witnesses, mostly renegade revolutionists and police spies. Particular weight is given to the connection of the defendants with the conference of the central revolutionary committee at which plans for armed uprisings and terrorist plots were discussed.

Tchaikovsky is quoted as making speeches in favor of regicide, and Mme. Breshkovskaya as avowing participation in the preparation for the assassination of Von Plehve, Grand Duke Sergius and Constantine Pobiedonostsev, procurator general of the Holy Synod. Both, it is alleged, were members of the Peasants' Union and the United Agrarian disorders in various parts of Russia. The indictment separately charges Tchaikovsky with having visited the United States in 1907 to arrange for the shipment of arms to Russia and to collect funds for revolutionary purposes.

MURDERESS DYING OF CONSUMPTION.

SECOND TRIAL OF MRS. EMMA
LEDOUX SET FOR NEXT WEEK,
BUT IT MAY BE POSTPONED.

STOCKTON, Cal., Jan. 29.—The second trial of Mrs. Emma Le Doux, convicted of having murdered Albert N. McVicar, her former husband, four years ago, is scheduled to begin here next week. During her long confinement in jail the woman has developed consumption and recently she has been reported to be in a serious condition. Whether her trial will begin next week or be indefinitely postponed will depend upon the report of the physician who attends her.

The crime for which Mrs. Le Doux was once tried and sentenced to death attracted attention throughout the country. McVicar, her alleged victim, is said to have threatened to make trouble between the woman and her second husband, Le Doux, whom she had married in the belief that McVicar was dead. In order to put McVicar out of the way she is alleged to have allured him to her home and killed him by administering poison in his coffee. The body of her victim was shipped to San Francisco in a trunk where its discovery by employees of the railroad company led to the arrest and conviction of the alleged murderess.

JAMES J. JEFFRIES TO START TRAINING SOON. CLOSES HIS THEATRICAL EN- GAGEMENT TODAY IN CHICAGO WITH \$50,000 ADDED TO HIS BANK ACCOUNT.

CHICAGO, Jan. 29.—With \$50,000 added to his bank account as a result of his ten weeks tour of the country, James J. Jeffries today winds up his theatrical engagement and will start at once to get into condition for his coming championship fight with Jack Johnson. Several weeks of hunting and fishing, with all the benefits to be derived from life in the open air and tramping through woods and over mountains, will figure as the first stunt on the big fighter's programme. Then will come the arduous grind of the training camp, which will continue up to within twenty-four hours of the battle for the championship.

Just where Jeffries training quarters will be established is still a matter of speculation. Either Southern California or Mexico will probably be selected as the scene for the preliminary training, with the final work-out near the battle ground, in San Francisco, Utah or elsewhere as the case may be. The work of training, wherever it may take place, will be conducted in a thorough manner. Good hard work will be the daily menu. The services of some of the cleverest boxers and wrestlers in the country have already been engaged and a host of trainers will assist in the work. It is evident that if Jeffries is not in the pink of condition when the gong calls him into the ring July 4th next, it will not be for lack of faithful training.

TEXAS BASE BALL LEAGUE MEETING

HOUSTON, Texas, Jan. 29.—The magnates of Texas Baseball League are rounding up in Houston for their annual schedule meeting tomorrow, when a number of perplexing problems in relation to the coming season are to be definitely settled. Rumors of proposed changes in the circuit have been in circulation for some time, but the indications now are that the circuit is likely to remain the same as it was last year.

BLOOD THAT CAUSED HYSTERIC WAS ONLY CURRANT JELLY.

PORTER WAS PAINTED RED FROM
WAIST TO HEAD AND APPEAR-
ED PREPARED TO JOIN THE
DEAD.

It is a queer world with comedy and drama walking hand in hand upon the stage, and often in times of gravest danger and distress some ludicrous incident will intrude and relieve to an extent, the seriousness of the occasion, and thus was G. S. Brower's attention attracted in such manner to the plight of one of the porters on the Pullman train at the time of the collision, Thursday at Rockledge, when he and Mrs. Brower were passengers.

Mr. Brower says the porters of the train were gathered in the dining car when the crash came, and such a mix-up of porters, eatables, broken glass and china as resulted could never be imagined.

Gravy and other liquids were lavishly distributed, and one porter emerged from the car covered from head to waist with a sanguinary flood out of which caused one good lady to go into hysterics, but which proved on closer inspection to be the contents of a glass of jelly which the man was holding in his hand at the moment of the collision.

MEAT SALES ARE FALLING IN NEW YORK.

MEAT SALES FALLEN OFF FROM
THIRTY TO FORTY PER CENT.
IN NEW YORK.

NEW YORK, Jan. 29.—Despite the statement of leading Chicago meat companies that they are not curtailing shipments of meat eastward, retail butchers here declare today that sales have fallen off thirty to forty per cent. They insist however that they cannot reduce prices permanently, as packers will merely kill less. They insist that if packers continue shipping many carloads of meat will spoil, as cold storage houses are packed and the demand is not sufficient to empty them.

NEW YORK, Jan. 29.—President Lee, of the Brotherhood of Railway Trainmen, in an interview today declared that the employees of thirty-two railroads entering New York would brook no interference from the American Federation of Labor, but will insist on demands being met in large part by the railroads. A conference will be held next week.

AMERICAN RESIDENTS OF NICARAGUA UP IN ARMS.

ADMIRAL KIMBALL BEING CEN-
SURED BY RESIDENTS OF NIC-
ARAGUA FOR UNDUE FRIEND-
LINESS TO PRESIDENT MADRIZ

BLUEFIELDS, Jan. 29.—Admiral Kimball, commanding the American fleet in Nicaraguan waters was accused today by natives and American residents of undue friendliness to President Madriz. Admiral Kimball's warning to American residents of take no part in the revolution under penalty of forfeiting American protection, has caused intense indignation, being construed as evidence that the United States will recognize the Madriz government despite the outcome of the revolution.

INTERESTING ACCOUNT OF GAINESVILLE CONVENTION.

Rev. A. L. Abercrombie and delegate, H. G. Wilson, returned Friday night from Gainesville, where they had been in attendance at the State Baptist Convention, which convened in that city last Monday.

Mr. Abercrombie reports it as one of the largest conventions ever held. There were about 400 delegates, most of whom were ministers. The Women's Missionary Union met at the same time.

The principal speakers were, Dr. Gray, of the Home Mission Board of the South; Dr. Frost, of the Sunday School Board of the Baptist Convention; Dr. Hobson, of the First Baptist Church of Jacksonville; Dean Smith, of Stetson University; Dr. W. Tribble, president of Columbia College of Lake City. Dr. C. E. W. Dobbs, of Fernandina, preached the opening sermon. The work of the denomination in the State was the principal theme under discussion.

Nearly \$5,000 was raised for Columbia College and nearly \$800 for the Southern Baptist Theological Seminary. The Daytona delegates were well entertained by Mrs. R. McClellan.

HUNDREDS KILLED IN RELIGIOUS WAR.

FANATICAL RELIGIOUS WAR IN
TURKEY CAUSES THE DEATH
OF TWELVE HUNDRED PERSONS

St. PETERSBURG, Jan. 29.—Latest advices from the Russian Commander in Turkestan says that twelve hundred persons have been killed by fanatical religious war at Bokhara, between Mohammedans and Persian sun worshippers. A civil war is threatened and the situation is beyond the control of the local troops. Reinforcements started for the scene of hostilities today.

KILLED SIX FINE DEER IN THREE DAYS HUNT.

PARTY OF FIVE HUNTERS RE-
TURN WITH SIX DEER, HAVING
SECURED EVERY ONE THEY
SAW.

Probably the most successful deer hunting party on record in this section is that which returned from Bull Island Friday morning, bringing with them six deer.

The party was composed of Fred Stones, R. L. Pappy and T. O. Melton, of this city, and Mr. Melton's brother-in-law, L. K. Hatfield, and friend, H. Lobdell, of Miami, who are visiting with Mr. and Mrs. Melton on Baker street.

They left this city early Monday morning by wagon carrying with them necessary camp equipment and four good hounds, two of them belonging to Mr. Melton and two to Mr. Pappy. When hunting they formed two parties each having two of the dogs.

Three of the party, Messrs. Melton, Pappy and Hatfield, are veteran hunters and have shot many deer, but Fred Stones had only one to his credit, previously, and H. Lobdell had the glory of bagging a fine buck as the beginning of his hunting career.

All the deer shot were in excellent condition and the fine doe that fell to Mr. Stones was started up by him when the dogs were not at hand and was shot among the saw grass nearly shoulder high.

At one time all four dogs were running different deer, and at another the hounds of five different hunting parties were in full cry within a small radius, making a perfect bedlam of noise.

The only thing occurring to mar the trip was the loss of one of Mr. Pappy's dogs, which was left somewhere in the woods. It is hoped the hound will join one of the numerous hunting parties in that vicinity and sometime in the future be returned to the owner.

Bull Island is a knoll of ground surrounded by marsh land and lying about thirty miles south and west of Daytona.
